

Heavy and Light Objects Printables

Instructions: Print and cut out the items on the following pages.

Suggested Activities:

1. Heavy or Light Sorting

- Mix all the cards together.
- Let your child draw a card from the pile and choose whether it goes under Heavy or Light.

2. Which is Heavier

- Divide the cards into two piles, a heavy pile and a light pile
- Pick one from each pile and show them to your child. Ask them which is heavier. (mix up the way you present them so the card they choose isn't always on the same side.)

3. Which is Lighter

Follow the instructions above, except this time ask which is lighter.
